

Parcel Boundary Editing and Proposed Subdivision Duval County, Florida

Proposed Parcel Split

Existing Parcel Configuration

- Proposed Parcel A
- Proposed Parcel B
- Existing Parcels

Workflow

Selected a residential parcel study area, preserved the original geometry, created a hypothetical parcel split, assigned proposed identifiers, recalculated acreage, and reviewed the resulting parcel configuration.

Data source

Duval County Property Appraiser GIS, June 2026. Parcel modification is hypothetical and was created solely as a GIS portfolio demonstration. It does not represent a surveyed, recorded, or authoritative property boundary.
